Print shipping proposal

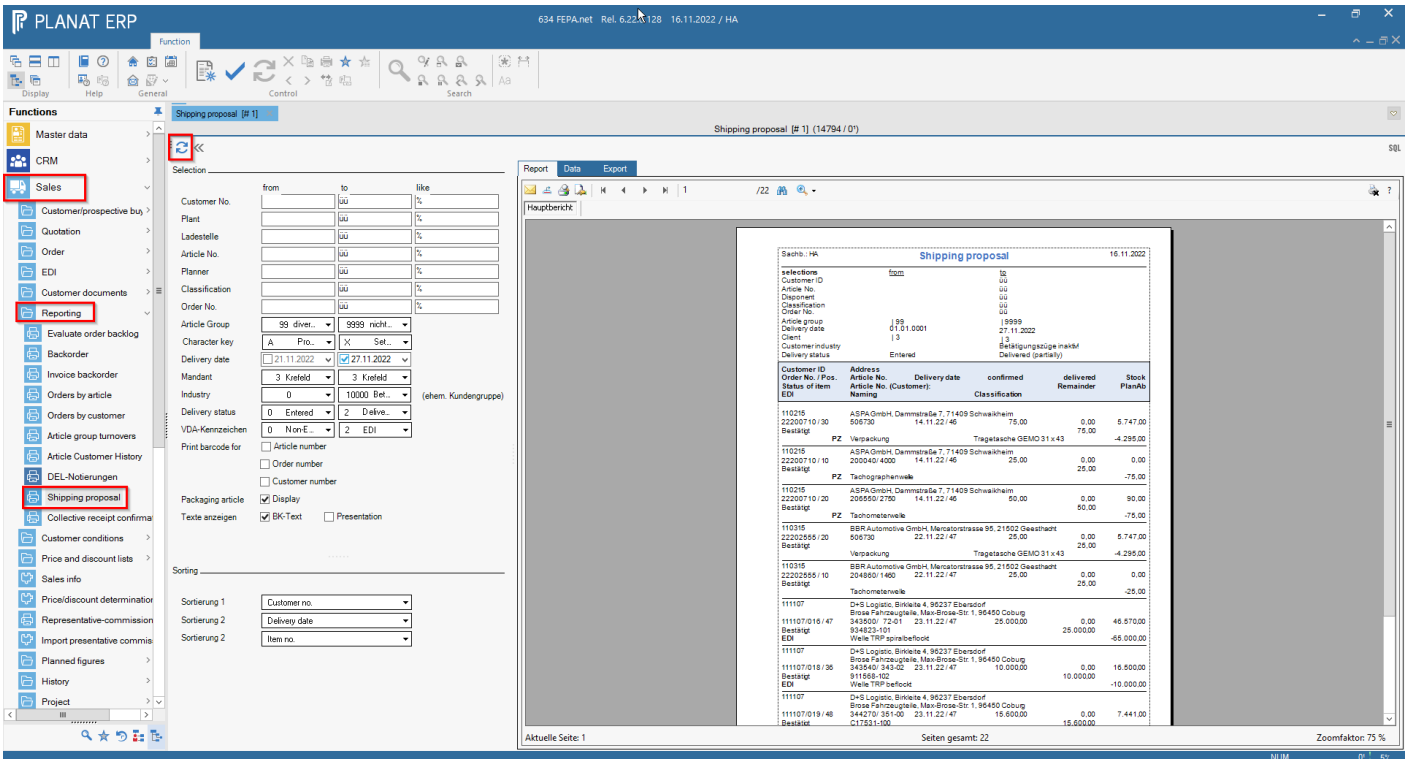

FEPA function: `Sales > Reporting > Shipping proposal`

If desired, enter the following search criteria, without restriction all articles/customers will appear, here are the most important ones:

- customer number
- article number
- delivery date
- order number
- enter from and to to simplify the search (delivery date)
- mandant from to
- When you have entered everything, click on the Update button, the shipping proposal will be created on the screen and you can print it by clicking on the Print button on the right above the printout.

> Attention: If you only want to see the open quantities for a certain order, uncheck the date box.

By default the sorting is customer no., delivery date, article no. The sorting can be changed!
